Ethical review research proposal

Dear A. Geel,

It is a pleasure to inform you that the local Ethical Review Board (ERB) from the Industrial Design department has discussed and approved your application "Final Master Project – RDD (SC)' on Collaboration in User Experience (UX) Design".

Please note that for this study, you need 86 participants for a between subjects comparison. The Board advises you to aim for that number and get as many as possible.

The Board wants to draw your attention to the terms and conditions in the appendix.

Success with your research!

Sincerely,

Prof. dr. ir. P. Markopoulos
